

NEW DIMENSIONS MINISTRIES

WELCOME TO PROPHETIC PRESBYTERY MINISTRY.

Greetings,

Thank you for taking part of this awesome privilege we have as believers to hear the Voice of God. As we minister to you today, we want to list several guidelines which are paramount in relation to personal prophecy, and seeing it come to pass.

GUIDELINES:

🕒 Always test your prophetic word against the Word of God (Bible). Personal Prophecy should never contradict what God says through His written Word.

🕒 In receiving your prophetic word, do not make hasty or sudden movements based on the word before consulting with your spiritual authority (Pastor, Apostle, etc). Remember, God's Word and Will may be evident, but His timing for the execution of the word should be handled with wisdom.

🕒 Write out your prophetic word after you have received it. This helps you remember and see things that you may not have heard while you were being ministered to.

🕒 Personal Prophecy is conditional, and so it means that we have to co-labor with God to see His word come to pass. As Paul told Timothy, we too must also war with the prophecies that have been spoken over our lives.

Be prepared for an awesome experience in the Presence of God, as our prophetic teams minister the Voice of the Lord. May God through His word, bring transformation and purpose to your life.

Sincerely yours,

Apostle Dr. Stephen Holford
